A one-way trail with a gentle incline through San Emigdio Canyon. Trail has minimal shade and two bathrooms along the way. Biking and hiking permitted. No equestrian access.

WILDFLOWER LOOP TRAIL
.85 miles (round-trip) | Easy | 1135-1700 ft
A short loop trail for all ages. Bakersfield cactus, an endangered species, has been restored here. Most popular in spring during peak wildflower bloom. Hiking permitted. Biking and equestrian use not permitted.

SAN EMIGDIO CANYON TRAIL
3.8 miles (one-way) | Easy | 1500-2400 ft
This trail parallels San Emigdio Creek and offers intermittent shade along the way. A short hike to Raven’s Landing offers stunning views of San Emigdio Canyon to the south and the San Joaquin Valley to the north. Hiking permitted. Biking and equestrian use not permitted.

TULE ELK TRAIL
4.6 miles (one-way) | Moderate-Strenuous | 1600-2500 ft
A steep incline to the Tule Elk Overlook, the trail offers excellent views of San Emigdio Canyon to the south and the San Joaquin Valley to the north. Returns to the Crossing parking lot via the El Camino Viejo Bike Trail for a total trip of 7.4 miles. Bring plenty of water, this is a long, exposed hike. Hiking permitted. Biking and equestrian use not permitted.

REFLECTION POND TRAIL
1.05 miles (one way) | Moderate-Strenuous | 2400-2800 ft
Steady incline to Reflection Pond, a sag pond surrounded by large sandstone rocks containing Chumash bedrock mortars. Offers stunning views of the canyon and the San Emigdio Mountains to the south. Hiking permitted. Biking and equestrian use not permitted.

REDTAIL TRAIL
18 miles (round-trip) | Strenuous | 1400-3000 ft
Trail use limited to pre-approved equestrian groups and hiking. The trail winds through the backcountry, past stunning rock formations and Reflection Pond. Occasional tough water throughout, no potable water on trail. Hiking access allowed from the start of the trailhead to the first white gate. Please yield to equestrians. For equestrian use call (661) 858-1115 for access.

LOS OSOS WETLANDS TRAIL
1.1 miles (one-way) | Moderate | 2700-2200 ft
An out-and-back trail that exhibits diverse habitats and plant communities. A great trail for birding and animal tracking. Hiking permitted as far as the first white gate. Biking and equestrian use not permitted.
